When quoting the Holy Scriptures, The King James Version of the Bible has been used throughout this book.

This book is dedicated to God Almighty who gave us His Holy Word to tell us what we should know, how we should live, and what we should believe. It is also dedicated to my family (especially my wife, Debra) and to the many people who have supported and encouraged me through the years.

Thank you for the kind words!

Without you (and you know who you are) this book would not have been published!

Introduction

This book is designed to be used as a devotional guide to help with daily prayers. Be sure to date each page in the space provided at the top. This will help you look back and reflect on a given day and serve as a reminder of your thoughts during the devotion.

The reader is encouraged to read the Scripture referenced in the oval at the top of each page. This is the “POWER” portion of the devotion. After thinking about the passage, read the comment section for a focused thought.

The “PRAYER” given at the bottom of each devotion is designed to guide the reader into further prayer of their own. The suggested prayer can be used to get the prayer started and the reader is urged to continue to pray to God for the duration of the devotional period.

The “NOTES” section at the bottom of each page is provided to allow the reader to write down a thought, prayer, other scripture references, or anything else that will help the devotion period become personalized to the reader.

May God bless you through these devotional periods.
